

Webinar

July 20, 2017~ 2:00 – 3:00 pm ET

Healthcare Coalitions (HCCs) across the country have been tasked with supporting disaster operations in their communities during and after events. For many HCCs, the transition from serving as a planning entity to an operational entity is challenging. ASPR's Technical Resources, Assistance Center, and Information Exchange ([TRACIE](#)) is hosting a series of webinars for HCCs interested in learning more about operationalizing coalitions.

The fourth webinar in this series will focus on financial models for HCCs and how each are unique. Participants will hear from a variety of speakers about different financial models, lessons learned, benefits, and challenges. If you are looking to improve your current model or transitioning to a new financial model, this webinar is for you! The webinar format will include a short presentation from each jurisdiction followed by a facilitated round-table discussion.

The webinar will take place **Thursday, July 20, 2017 from 2:00 – 3:00 PM ET.**

PARTICIPANTS

Welcome: **Melissa Harvey**, RN, MSPH, Director, National Healthcare Preparedness Programs, HHS ASPR

Moderator: **John Hick**, MD, HHS ASPR and Hennepin County Medical Center
